# Exclusive AluLine

EXCLUSIVITY

PRESTIGE

ELEGANCE

Exclusive AluLine is an investment that brings long-term benefits in energy savings and tangible comfort. The remarkably designer look and the lack of unnecessary details allow users to experience the luxury they deserve.

When we were creating the Exclusive Aluline line, we were driven by one objective. To provide the customer with the best parameters while maintaining the highest product standard and exceptional aesthetic qualities.

The Exclusive Aluline includes the prestigious Decalu 88 Hidden, a window system with concealed sash, the Cor Vision Plus sliding system and the innovative Despiro aluminium doors.

- ▶ **Decalu 88 Hidden** is a prestigious window system featuring a concealed sash. It provides outstanding thermal and acoustic insulation while maintaining an outstandingly original appearance.
- ▶ **CorVision Plus** is a large sliding door system designed for extensive glazing with a glass surface area of 94%. It allows maximum light while reducing the visible aluminium sections to a minimum.
- ▶ **Despiro** is an innovative collection of external doors available in a variety of colours and designs. It is a product refined to the highest level in terms of technology and aesthetics.
